

For Immediate Release:

Universal Manufacturing Corp. will Participate in the 2010 SIA Annual Conference and Exposition

Zelienople, PA, June 22, 2010- Universal Manufacturing Corp., a premier scaffold manufacturer located in Zelienople, PA, will participate in the 2010 SIA Annual Conference and Exposition held at the Lowes Philadelphia Hotel, July 21-24 2010. Universal Manufacturing Corp. will be located in the Millennium Hall on the second floor of the hotel in Booth #60.

The annual conference brings manufacturers, dealers, contractors, users and others in the scaffold industry together to share experiences, tools, resources and provides educational resources to all. The conference consists of educational breakouts, an exhibit hall with industry-related products and services, networking and social opportunities, and SIATP training courses.

Universal Manufacturing Corporation has been pioneering the highest quality, steel scaffolding shoring and custom fabricated access equipment for more than 80 years. Located in Zelienople, Pennsylvania, Universal Manufacturing Corp. produces and fabricates frame, shoring, system, tube & clamp and custom scaffolding designed for the light, medium and large industrial construction and bridge industries.
