

**For Immediate Release:**

**Universal Manufacturing Corp. Showcases System Scaffolding  
at World of Concrete Show in Las Vegas**

**Zelienople, PA, December 2, 2010-** Universal Manufacturing Corp., a premiere scaffold manufacturer located in Zelienople, PA, will be participating in the World of Concrete trade show in Las Vegas, NV from Jan 18-21 2011. This year, Universal will be showcasing its System Scaffolding through an interactive space. Sales Representatives and the engineering staff will be on hand to instruct how Universal's custom or standard scaffold products can accommodate any need. Universal's space is located in the North Hall in Booth N1629.

Universal Manufacturing Corp. produces and fabricates frame, shoring, system, tube & clamp and custom scaffolding designed for the light, medium and large industrial construction and bridge industries. Universal also manufactures quality scaffold products that match existing inventories. For more information visit: [universalscaffold.com](http://universalscaffold.com)
